

TENTATIVE SNOWDROP

And who
do I have
to thank?

A list
as long
as my arm.

Influences
and inspiration
crowd in,

to name names
would take
too long.

It's too late
for any more
though I read

the news online
and visit
exhibitions.

Obscurity beckons:
discarded and
collectible,

the first flowers
of another spring
breaking through

into the cold.

TENTATIVE SNOWDROP REMIX

Undefined flowers of another spring breaking through into the cold wind. Reviews and interviews, obscurity beckons. Discarded and collectible, I read and visit exhibitions, scan the news online. Names would take too long, it's too late for any, influences and inspiration crowd in and who do I have to thank? A list as long as my arm.
